

**Prerequisites**  
**Create an account in Openweathermap Website**

Date	07 September 2022
Team ID	PNT2022TMID08723
Project Name	Project - Signs with smart connectivity for Better road safety
Maximum Marks	4 Marks

**Signs with smart connectivity for Better road safety**

The screenshot shows the OpenWeather website interface. At the top, there's a navigation bar with the OpenWeather logo, a search bar, and various links like Guide, API, Dashboard, Marketplace, Pricing, Maps, Our Initiatives, Partners, Blog, and For Business. Below the navigation bar, a green confirmation message states: "We have sent the confirmation link to 19bec059@mcet.in. Please check your email." Below this, there's a horizontal menu with links: New Products, Services, API keys, Billing plans, Payments, Block logs, My orders, My profile, and Ask a question. The main content area features a large image of a sunset/sunrise over a body of water. To the right of the image, the text reads: "Historical weather for any location". Below this, it says: "Our new technology, Time Machine, has allowed us to enhance the data in the Historical Weather Collection." followed by two bullet points: "Historical weather data available for ANY coordinate" and "The depth of historical data have been extended to 40 YEARS". Below the bullet points, it says: "You can download data from Personal account or contact us to order it." At the bottom of the main content area, there are two orange buttons: "Learn more" and "Go to purchase". The bottom of the screenshot shows a taskbar with several open files: "Project Developm....pdf", "ibm (1).txt", and "ibm.txt".
